I've been collaborating with ELC projects for the last ten years and I consider the work and research done by ELC and its members and representatives in these years is closely related to the situations created by the heterogeneous citizens living in Europe. ELC's is aiming to face this multilingual and wide scene in Europe. I would feel very pleased to contribute working for forthcoming challenges in Europe from inside of the ELC board. I have CEL/ELC-relevant expertise and experience in the following fields:
