About the Congress

The 3rd European Language Congress entitled 'From good to great. Innovation, Inspiration, Culture' is the largest in Poland and is an unparalleled event in the calendar of teachers, methodologists, owners and head teachers of language schools in Poland and in Europe. The Congress organised by PASE represents an excellent opportunity for meeting top language education experts, exchanging experiences, networking, learning about new opportunities, broadening the horizons, observing the constantly changing language education market, and promoting your products, publications and services on the international forum.

The three day agenda of the Congress offers ample opportunity to its participants from across Poland and Europe to attend sessions moderated by language education theoreticians, management experts and language education practitioners working at all levels of education.

The title of the 3rd European Language Congress, which invokes innovation, inspiration and culture, guarantees that the programme will feature up-to-date and diverse sessions, concepts, and ideas.

Among the conference speakers are Christopher Graham, Erika Ostvath, Alex Warren, prof. Jacek Pyżalski, and many others.

Partners

The partners of the 3rd European Language Congress are:

University of Warsaw, European Language Council, Eaquals, Oxford University Press, Cambridge University Press, Nowa Era, Pearson, Teddy Eddie, Lang LTC, Sprachcaffe, The Teacher, Macmillan, and Egis.

We are looking forward to working with you!

About the last year's Congress

The last year's 2nd European Language Congress, which took place on 13-15 May 2016, attracted nearly 1200 participants who attended 117 sessions moderated by recognized language industry experts from Poland and abroad. 37 partners, sponsors, exhibitors and representatives of other institutions from the language sector provided support to the Congress.

About the last year's Congress
